

Business After Hours at Bridgton Hospital!

*Meet the partners in the groundbreaking
Integrated Primary Care Project and learn how
we're bringing medical and mental health care
together to*

Care for All of You

Thursday, April 28

5pm—7pm

At Bridgton Hospital

Catering by Lakes Region Caterers

We believe that your overall well-being includes emotional, developmental, and physical health. That is why we have partnered with the primary care doctors of Central Maine Medical Group and the Maine Health Access Foundation (MeHAF) to bring our expertise right into the doctor's offices, where we can help care for ALL of you.

- On-site, real time consultation between medical and mental health providers
- Medical education and consultation i.e. medical rounds by psychiatrists on mental health topics
- Brief, short term, solution oriented treatment & intervention
- Expedited intake for ongoing services in the community
- Community education and involvement—FREE Monthly Dinner & Discussion Meetings featuring topics related to health & mental health services and information you can use to stay well.

Services are available at

- Naples Family Practice
- North Bridgton Family Practice
- Fryeburg Family Medicine
- Bridgton Internal Medicine
 - Bridgton Pediatrics

This project is funded by the Maine Health Access Foundation
