Delight in an evening of Hope and Inspiration as Tri-County Mental Health Services offers its Sixth Annual Presentation of **Inspired Voices**, on Saturday June 25th at the Franco-American Heritage Center in Lewiston. The event features music, poetry, dance, and art from people who have received services at the agency, alongside the Inspired Ensemble of professional musicians and performers. This year Inspired Voices will feature some returning performers and some new friends making the journey to hope and healing. Music Director **Nick Place** and Director **Catherine Ryder** are back for the 6th year, and the inimitable **Andrew Harris** will again serve as emcee, lending his warmth, humor and heart to the show. TCMHS Board President **Peter Letourneau** will share the hosting duties and plans to mark the agency's 60th Anniversary with various surprises appropriate to each decade.

This is the event featured in the powerful documentary film "The Rehearsal" by filmmaker Craig Saddlemyre, winner of the MPBN Director's Award in the L/A Film Festival. The film followed consumer participants onto the stage and toward recovery in the 2010 performance.

A reception and art exhibit begins at 6pm, followed by the featured presentation at 7. Tickets for **Inspired Voices** on Saturday June 25th at 7pm, at the Franco-American Heritage Center in Lewiston, are \$20.00 in advance, \$25.00 at the door, or \$15advance/\$20 at the door for students and seniors, with children 5 and under receiving free admission.
